Please list any other skills, knowledge, or experience that could be beneficial to the board

I have had knowledge of the self-storage industry for 25 years but have been actively involved for 10 years. Beginning as a property manager with one property in fill-up to overseeing two properties and taking both to full occupancy, I was responsible to everything from leasing, maintenance to marketing and budgeting. From those two properties, we have grown to over 5 locations. I am now able to help set budgets, quarterly/annual goals, maintain employee/vendor relations and keep an eye of daily corporate operations and growth.

Items you checked as "very experienced" or "some experience", please provide details \*

Over the past 10 years I have helped establish a new construction facility taking it from fill up to full. Assisted in developing company employee manual (policies/procedures), recruited/trained new hires, assisted/oversaw installation of network work and monitored computer systems/camera systems. I've assisted in planning and implementing company events and public promotions of the facilities. I have been involved in setting the company core values, implementing team assignments and setting the future direction of the company. I have trained and continue to oversee that our managers adhere to both the stat and local laws regarding self-storage.

Described above, please outline your experience as a volunteer board or committee member:

I have been a member of our corporate events committee. With responsibilities ranging from organizing the event, implementing the plan, acquiring items, setting up for the events to whatever was needed.

Who may we contact for information about your performance in these positions? \*
